SECRETARY GRIMSLEY

Issues The Statement That the Cham-
ber of Commerce is in No Way
Interested in the Change Made
in the Schools.

A meeting was to have been held in
the offices of the Chamber of Com-
merce last evening of the parents of
the children who are compelled to
change districts. The meeting did not
materialize and it is thought that
there will be no more said about the
matter. Secretary Harry C. Grimsley
yesterday issued a letter to the news-
papers of the city in which he states
his position in the matter.

The following letter is self-explana-
tory:
The Public Ledger,
Maysville, Ky.

As the wrong impression has been
received, by several people, concern-
ing the attitude of the Chamber of
Commerce towards the recent ruling
of the Board of Education concerning
the distribution of pupils, I am writ-
ing to ask if you will be kind enough
to publish this letter in your col-
umns, in order that our position in
the matter may be made clear.

On Tuesday, January 30th, I was
called upon by a citizen of Maysville,
who is a member of the Chamber of
Commerce, and who asked if the

rooms of the Chamber could be used
for the purpose of holding a meeting
relative to the recent ruling of the
Board of Education. As the Cham-
ber of Commerce is a public organiza-
tion and more or less of an open
forum, permission was granted. Noth-
ing more was said in regard to the
matter and up until this time I have
heard nothing further in regard to it
nor has the meeting been held.

The Chamber of Commerce is in no
way connected with this movement
and does not, nor ever has, proposed
to meddle in affairs of this nature.

If you will make our position clear
to the public, it will be appreciated.
Sincerely,
HARRY C. GRIMSLEY,
Secretary and Manager,
Maysville Chamber of Commerce.

IMMEDIATE BREAK OR SOLEMN WARNING

WILL HE U. S. ANSWER TO THE
GERMAN NOTE — POLICY OF
SILENCE DIVIDES OPINION
IN WASHINGTON AS TO
WHETHER REPLY
HAS BEEN SENT
TO BERLIN.

Necessity of Preparing Country For
Eventualities Delays Announce-
ment of Course Decided on
By President Wilson May
Appeal Before Con-
gress Today.

Washington, February 1—Whatever
course of action President Wilson has
chosen to meet Germany's declaration
of unrestricted submarine warfare is
known only to three or four members
of his official family. Neither the cabi-
net as a whole nor the Foreign Af-
airs Committee of Congress have
been taken into his confidence.

One high official close to the Presi-
dent declared tonight that no com-
munication had been sent to Berlin or
to Count Von Bernstorff, who out-
wardly was expecting a severance of
diplomatic relations.

There was every indication in offi-
cial quarters that a note had been de-
termined upon, but the indications as
to whether it actually had been dis-
patched were about evenly divided.
With a few high officials as authority
that it had not, and some others who
gave intimations of a belief that it
had.

Official Silence Brings Curious
From under the curtain of official
silence, drawn closely over every
move today, came various indications
taken everywhere as index fingers
pointing toward the probable course
of the United States. It was undis-
puted that the government would not
permit Germany's announcement to
stand without challenge.

But whether President Wilson's an-
swer will be a solemn warning or a
break in diplomatic relations if Ger-
many's campaign of ruthlessness in
enriched to execution, remained un-
disclosed.

White House officials and Secretary
Lansing followed the same course
they have adopted on previous occa-
sions when a communication had been
dispatched to Berlin, and they were
awaiting its receipt in the German
capital before making any announce-
ment in this country. It was a course
of absolute silence, of flat refusal to
disclose any information whatever;
to discuss the subject in any way, or
to answer any inquiries upon it.

All the day's developments followed
this same course, which has become
familiar to close observers of the pro-
cedure of the administration when it
is dealing with a foreign crisis.

Ma Go Before Congress
It was stated that the President had
made no arrangement for going be-
fore Congress but it was considered
possible that he might decide to adopt
this step at any time.

Public opinion in this country is be-
ing carefully considered not so much
as a decisive force, but as indicating
the limit of the first steps to be taken.
The officials realize that a severe men-
tal wrench must be experienced to
turn public thought from hope of
peace to the eventualities of Ger-
many's action.

There apparently is no division in
official opinion that Germany's an-
nouncement justifies this country in
severing diplomatic relations or tak-
ing belligerent steps to safeguard
American rights. The complete re-
pudiation of all Germany's pledges in
the Sussex case is viewed as an open
threat made in full consideration and
in utter disregard of all that may fol-
low.

Previous cases merely have in-
volved isolated instances for which
apology or reparation could be offered
or a new announcement which
could be modified without admission
of defeat. The present is regarded as
representing a mature policy, made in
full consideration that it will cost the
friendship, if not the neutrality of the
United States and probably other neu-
trals.

Preparations are now known to
have been under way in Germany for
months and the information allowed
to pass the censorship to have been
entirely misleading. Bethmann Hol-
weg's speech today is interpreted as
disproving statements allowed to
come to this country that the chan-
cellor was opposed to unrestricted sub-
marine operations.

The fact stands out that official Ger-
many has held off from such a policy,
not because of international law or
consideration for the United States
but because she did not feel it ex-
pedient at an early time.

We are authorized to announce Mr.
Henry R. Childs as candidate for As-
sessor of Mason county, subject to the
action of the Democratic primary, Au-
gust, 1917.

FEW CANDIDATES ANNOUNCING

Only a few candidates have an-
nounced themselves for nomination
by their party at the primary in Au-
gust. All who have announced have
been Democrats. The chief pro seems
to be that of County Assessor. Mr.
Frank Clarke, whose announcement
appears in another part of the Ledger
is the only regular announced candi-
date for County Judge. Mr. Clarke
shows the promise of being a very
strong candidate and will doubtless
make a good race. He is well qual-
ified for the office and should receive
the support of the members of his
party.

Mrs. C. Tannan of Vanceburg is

litt and husband of Limestone street.

WAIVED EXAMINATION

Wesley Osborne, charged with the
burning of the Bethany Church
Near Springdale, Held Over
to Grand Jury on \$1000
Bond.

The trial of Wesley Osborne, who
is charged with the burning of the
Bethany Church near Springdale on
the night of December 30, was set for
yesterday morning at 10 o'clock be-
fore County Judge W. H. Rice. Os-
borne waived examination and was
held over to the Mason County Grand
Jury at its March term. His bond
was placed at \$1000, which he could
not give.

At the time of the fire, which was
very mysterious, it was thought that
it was entirely accidental. However
bloodhounds were brought from Lex-
ington and put on the trail. They fol-
lowed some one from the door of the
burned church to the middle of the
road, where the trail became lost.
Captain Thomas Helm of Lexington,
deputy state marshal, was called
to the scene and together with Special
Agent Thomas Stewart of the C. & O.
they were successful in running down
Osborne.

The crime of arson is one of the
most serious known and the punish-
ments are very heavy. Osborne should
receive the limit, for he did a very
dastardly deed and only for revenue.
A large crowd of witnesses was
present at the courthouse to hear the
evidence in the case and all were
greatly disappointed to hear that he
had waived examination.

USE CAESARIAN OPERATION

(Huntington Advertiser)
Mrs. W. P. Hooper, of Maysville,
Ky., gave birth to an eight pound
girl at Guthrie Hospital Tuesday
morning, undergoing the Caesarian
abdominal operation. A hurry-up
call was sent to the Central fire de-
partment for a lungmotor, for the re-
suscitation of the child. The instru-
ment, however, was not used.

Dr. J. Ross Hunter, assisted by Dr.
R. M. Bobbitt, performed the opera-
tion. At 3 o'clock Tuesday afternoon
it was said the operation bore every
indication of having been entirely
successful.

Mrs. Hooper is the wife of the Rev.
W. H. Hooper of Washington, pastor
of the Presbyterian Church of that
place.

WILL GO TO FORT THOMAS

The boys and girls teams of the
Maysville High School will journey to
Fort Thomas, Ky., on Saturday night
to play the fast teams of that place.
They will return on Sunday morning
and they say they will bring the ba-
con home. Both teams are very
strong and they should be able to put
up very fancy games.

A Clothing Sale That Spells Opportunity With a Capital "O"

That the people are appreciating the clothing values we offer in our sale is evidenced by
the number who came from a distance last week to buy—and the results of our sales were grati-
fying to us, and in order to give you an opportunity to secure some of these bargains, we will
continue the sale a while longer.

In many ways this is the most remarkable sale we ever had! Whereas the values reach the
superlative—considered extraordinary under any conditions—we offer Winter garments at sharp
reductions, IN FACE OF A RISING WOOLEN MARKET AND CLOTHES ADVANCING

Saturday, February 3rd An Important Day

To announce our Annual Linen Sale is to interest the women of Mason County, as long experience has taught them,
the favorable opportunity this event promises for securing linens from a stock of astonishing variety in a town the size
of Maysville.

In spite of market conditions, which make it increasingly difficult to secure linens, we will present a stock on Satur-
day differing very slightly in size from the generous assortment we have always offered.

Next year the linen scarcity will be more severely felt, no matter whether war or peace prevails, as the period of
trade re-adjustment will be necessarily slow.

Therefore buy now, and now cannot present a more auspicious time than Saturday at

THE LEADERLESS UNITED STATES

The greatest alarmists in the country are in the administration at Washington. The president and members of his cabinet frequently say they are afraid of the future, the near and imminent future. They say they are afraid of war. They say that they fear we are about to be drawn into war.

Mr. Wilson seems to have a passion for cryptic phrases indicating alarm. We recall his admonition when he was demanding that congress repeal the Panama canal toll act. "I do not know how I shall be able to deal with matters of nearer import"—or some such words.

That was a long time ago. It was a note of alarm. Something threatened the United States. The danger might be averted by an act of congress. The president was supported by congress. Presumably the danger passed away, but it was there, he said. What it was we do not know. The president never explained what he meant.

This was the beginning of the sounding of alarms. There never is any respite in Washington in making the most outspoken statements of fear. The president demanded that the immigration bill be changed to avoid offending Japan. The administration was alarmed then.

The administration was alarmed by Mexico. It was so alarmed that it ordered the mobilization of the national guard and thereby destroyed our second line of defense.

We have been frightened by Germany, by Japan, by Mexico. Washington seems to live in an atmosphere of fear and to be willing to give this fear rhetorical expression. No newspaper could afford, for the sake of its own reputation, to be such an alarmist as the American government is.

No other government in the world would authorize such statements as come out of Washington. In other nations, big or little, such utterances have serious import. If made they would prepare every citizen for peril.

For nearly four years Mr. Wilson has been saying that perils were near. In two years the United States could have organized an effective army. In one year, under universal service, it could have supplied itself with a large force fairly well disciplined and trained, a force of citizens. It could have supplied this army with the equipment it would need. In two years it could have made a brilliant beginning at strengthening the navy.

Now the navy increments are wholly on paper and the army is not even in the preliminary legislative processes.

That is our condition, and the government is afraid that we are very close to war with one of the two great military powers of the world—Germany. We are rivals in the Pacific with the other—Japan.

The administration talks but does not lead, does not plan, and does not act.—Chicago Tribune.

CONFERENCE DEVOID OF INFORMATION

The President's first-of-the-year conference with the newspaper men was no more productive of real information than its predecessors. The foreign question is not to be mentioned, the White House is not cognizant of any proposed railroad strike, and a revenue bill is a necessity at this session of Congress. A loud issue, the President added, is not to be thought of except in a case of emergency.

Just what constitutes an emergency was not made clear. Many people think that a financial emergency confronts the administration right now.

The daily Treasury report for the date on which the President made this statement enforces this opinion. On that day the net balance in the Treasury had sunk as low as \$107,969,083. The deficit on the same day stood at \$128,491,465.

This is for six months and eight days of the current fiscal year. If expenditures continue at the same rate until the thirtieth of June, the net balance will be wiped out and there will be an empty void in the government's strongbox.

There is no indication that expenditures will be slackened. Many projects, chiefly connected with the plan for the national defense, were voted at the last session of Congress, but no effective step has yet been taken to put them into operation, and when the work is undertaken more money must be taken from the till. Presently the Treasury will be called upon to provide the \$9,000,000 necessary to establish the Land Credit Banks, and the bills show no sign of slackening their demand upon the slender funds at the government's disposal.

The President's use of words has always been rather mystifying, and in the present instance it would be interesting to know what he would regard as a real "emergency" in government finances.

WARNING

As a pointer, particularly for those Americans who refuse to admit that the unprecedented prosperity this country is enjoying is anything but permanent in its nature, the bids submitted to the Navy Department of the United States by Hadfields, Ltd., of England, form one of the most illuminating developments to date.

The British company's prices run from 35 to 40 per cent. lower than those of their American competitors. Hadfields offers to supply 16-inch shells in sixteen months and 14-inch shells in eleven months, as compared with thirty-six months demanded by the Bethlehem Steel Company and twenty-four months by the Midvale Steel Company for the 16-inch projectiles and thirty months demanded by the Midvale Company and thirty-four by the Crucible Steel Company for the 14-inch. And in two cases the American bids are for lots smaller than those specified by Hadfields.

Following the recent withdrawal of \$100,000,000 worth of British munition contracts from American producers and the award of \$300,000,000 to \$400,000,000 worth more to Canadian instead of American firms, the present appearance of Hadfields in the United States munition market is significant in the extreme.

If British enterprise can underbid American enterprise today, why will not the manufacturers in all the nations now at each others' throats be able to compete still more advantageously with American business after the war?—N. Y. Evening Sun.

How can American diplomacy be taught if nobody can understand it?—N. Y. Sun.

COUNTY CLERK KELLY

With No Appetite, All Run-down.
Tells How Vinol Helped Him

So many cases like this are coming to our attention that we are publishing this letter for the benefit of Maysville people who are in Mr. Kelly's condition. Read our offer below.

Clarksville, Tenn. "I am a County Court Clerk, and became run-down, no appetite, was drowsy and felt badly most of the time. I had tried several remedies without benefit. One day I read an advertisement of Vinol and at once tried it. In a short time my appetite improved, my strength increased and I felt better in every way." S. W. Kelly.

The reason Vinol is so successful in such cases is because it is an unequalled tonic-body-builder, combining beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous tonics known to medicine.

So strong is our faith in Vinol that we offer to return the purchaser's money in every case if Vinol should fail to give satisfactory results. John C. Pecor Drug Co., Maysville, Ky. Also at leading drug store in all Kentucky towns.

CONGRESS TO BE ASKED FOR PUBLIC HEARING ON DAY-LIGHT SAVING PLAN

New York, January 31—Congress will be asked to grant a public hearing on the plan to turn the clock forward one hour during the summer months, under resolutions adopted by the National Daylight Saving Convention at its closing session here today.

By a unanimous vote the convention organized a new body, the National Daylight Saving Association, electing Marcus M. Marks, chairman of the convention and president of the borough of Manhattan, as president.

The association, allied to President Wilson's letter read before the convention today, endorsing the object of the movement.

The resolution to be sent to Congress urges that the measure known as the Portland Bill and introduced jointly in the two houses by Representative William P. Borah and Senator Jacob H. Gallinger, be enacted during the present session. The bill is in the hands of the Committee on Foreign and Interstate Commerce.

Thousands of individuals and more than 100 chambers of commerce and boards of trade, with the executive committee of the American Federation of Labor have endorsed the plan, the resolutions point out.

Among the aims of the new national association will be an educational daylight saving campaign. State and city branches will be formed throughout the country.

RAILROAD ANTI-STRIKE LEGISLATION IS URGED

Washington, January 31—Immediate passage by Congress of legislation to prevent railroad strikes and lock-outs was recommended today in a report by the Railroad Committee of the Chamber of Commerce of the United States. The report and an announcement of endorsement by the chamber's membership, both of anti-strike measures and of public representation in settlement of rail disputes were features of the first day's sessions of the Fifth Annual Convention of the chamber.

President Wilson's suggestion for legislation postponing interruption to railroad service until after investigation, the committee declared should be supplemented by measures providing for an array of investigation or arbitration the public should have a majority representation and creating an interstate commerce commission bureau to compile railroad labor statistics.

O. R. & C. R. R. MATTERS

(Ripley Bee)

Mr. Chambers Bird attended the hearing of the case of the village of Georgetown, et al, vs. Fishel & Marks before the Public Utilities Commission, at Columbus, Ohio, last Thursday.

After hearing all the facts presented, the Commission asked that copies of the franchise under which the road was operating, be presented, as further evidence, and when this matter is done into it will likely give a decision in the case.

As the matter stands, it seems likely that the Commission will not have the power to act in the case, as there is no law in Ohio giving them authority to keep a railroad from being torn up. The case will likely be fought out in the local courts, and as this is the first instance of its kind in the state, will form a test case for future decisions.

The date for the final hearing has not been set.

KIT BEST, Mason County, 2,255 pounds \$30.09

These were actual crop lots—no tail end kept out to make a record. Prices on these two crops ranged from \$15.25 to \$60.00. Every basket was sold to representatives of the large manufacturers and the range of prices and number of pounds, show plainly that these were crop lots, with all grades, from the lowest to highest, included.

ELECTION IN COSTA RICA IS CALLED FOR APRIL 1

Washington, January 21.—Minister Hale informed the State Department today that General Tiaoco, now provisional president of Costa Rica, had named his cabinet and called an election for Congress on April 1, the members to take their seats May 1. It was indicated the United States government would not recognize the new government until after the new Congress was created but that the Minister would not be withdrawn and that the American government would continue dealing with it as a de facto government.

All reports said the country was quiet. The deposed president, the minister to Washington and the old cabinet are still refugees in the American legation.

7 OF CREW OF TORPEDOED SHIP DIE AT SEA IN OPEN BOAT; 16 ARE PICKED UP

London, January 31.—The British steamer Artist, a vessel of 3,750 tons gross, was torpedoed on Saturday last, according to an official British statement. Sixteen men were picked up three days later in an open boat far from land and in a weather of such severity that seven of the original twenty-three in the boat had died of wounds and exposure.

G. O. P. COMMITTEE MEETING SOUGHT

New York, January 31.—George W. Perkins and Everett Colby today formally requested William R. Wilcox, chairman of the Republican National Committee to call a meeting of the committee "to discuss fully and openly the grave and important questions that confront our country today."

"We are unwilling to believe," the communication stated, "that the National Committee will be shortsighted and re-actionary. If called together for a free and open conference on the affairs of the country. If the National Committee, after such a conference should decide that the Republican party shall remain re-actionary, this should be known at once, so that other alignments can be immediately made and no time should be lost in preparing for the fight of 1920."

Mr. Perkins and Mr. Colby told Chairman Wilcox that a majority of the men in control of the Republican Executive Committee are "out of tune with modern thought" and are opposed to a "liberalized Republican party."

"These men evidently think," Mr. Wilcox was informed, "the progress through the action of the National Committee on Chicago last June, deliberately abandoned the principles for which they had fought for four years, and they formally returned to the Republican party. They are entirely mistaken."

"The Republican party today" the communication adds, "from the point of view of being returned to power is in even worse condition than it was after the break in 1912. We believe that a committee or council representative of the various elements opposed in principle to the Wilson democracy should, through proper conference, be arranged for."

Mr. Wilcox was assured that neither Mr. Perkins nor Mr. Colby desired to serve on such a committee.

THE "SILENT VOTE" ELECTS

(Carlisle Mercury)
terminated in a race with death. Following the regular election last fall the campaign to select nominees for county offices in Nicholas county opened, and under the head of "For Jailer" at the beginning of the new year appeared the names of seven men who sought the nomination at the hands of the Democratic voters at the next August Primary. In the very short time, just one month, three of these aspirants have died, namely, J. K. Bowen, M. M. Brothers and Mike Flora, the last named being a victim of double pneumonia, dying Saturday afternoon. Strange to say, two of the others in the list have been ill for some weeks past but are at present able to be out and have fully recovered from their respective illnesses.

Death is no respecter of persons. It is quite singular that so many aspirants for one office should fall victims. Just such a situation was experienced some years ago when three aspirants for County Judge died before the election, and the man who received the nomination, Thomas H. Collier, died three days after his election.

YES, BUT WHADDA Y' MEAN

(Cynthiana Democrat)
Jailer Brothers, of Nicholas county, died recently and John Harvey has been appointed to fill the unexpired term, which terminates with this year. A correspondent of The Democrat writes that the new jailer found there was not a single inmate of the jail when he took charge. "And," adds our correspondent, "it is more than likely that there will be no one to occupy it before January 1, 1918, as our judge is a candidate for re-election, our magistrate is a candidate for county judge, our county attorney is a candidate for county judge, our constable is a candidate for jailer, our police judge is a candidate for re-election and our chief of police is a candidate for jailer."

INSTITUTION INMATES SHOULD NOT USE PASSES

Frankfort, Ky., January 31.—Inmates of State institutions at which one inmate says for service, or the institution, should not be given passes, is the opinion of P. F. Manning, of this city, president of the L. & A. Railroad Company. Manning says the anti-pass law prohibits such a gratuity by the railroad. The opinion is given in compliance with the plan to get opinions from all the railroad presidents in this State on the subject.

Last December Germany had more than 10,000,000 cows and more than 20,000,000 beef cattle of all kinds.

Although smooth dimes are not very stylish, a tendency to roughness in a nickel doesn't impair its value.

WORK THAT TELLS

Plenty of It Has Been Done Right Here in Maysville.

To thoroughly know the virtues of a medicine you must investigate its work. Dean's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders, now give confirmed testimony—declare the results have lasted. How can any Maysville sufferer longer doubt the evidence?

Henry S. Gallenstein, blacksmith, 124 W. Third St., Maysville, says: "My kidneys were out of order and I had pains through my back. Dean's Kidney Pills put an entire stop to the pains and my kidneys became well."

(Statement given January 9, 1912.)

RESULTS THAT REMAIN

OVER FOUR YEARS LATER, or on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Dean's Kidney Pills. The benefit they gave me has been permanent."

Mr. Gallenstein is only one of many Maysville people who have gratefully endorsed Dean's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DEAN'S KIDNEY PILLS, the same that Mr. Gallenstein has twice publicly recommended—the remedy backed by home testimony. 50c all stores. FINE MINERAL WATER

(Manchester Signal)

George W. Pennywitt and James Pennywitt, who some time since purchased a tract of land of Marshall Ellis below town, are now in a fair way to make some extra money because of what they supposed to be a well of ordinary water, has proven out to be a well of the finest kind of mineral water and now many are using the water for medicinal purposes. The water is as clear as a crystal and has a salty and sweetish taste. The Pennywitts purchased the land for the timber, little thinking of the excellent mineral water and now many are of the opinion that there is a large vein of either lead or zinc on the farm, the same being some 50 or 60 feet below the surface of the ground. The discovery is creating much talk among our people.

Because of the high cost of living in Manchuria the administration of the Chinese Eastern railway has granted to its employees increases in pay from 16 to 30 per cent.

THE UNIVERSAL CAR

Announcement

The company is many thousands of cars behind their orders. The railroads are unable to deliver rapidly enough on account of shortage of freight cars. On account of these conditions, which are the worst I have ever had to contend with since being in the automobile business, the company will not ship cars to a dealer unless he has orders for the cars signed by customers who are waiting for cars.

The tremendous demand will continue throughout the winter in the south and southwest, and the shortage in this part of the country in the spring will be the greatest ever known.

I have already sold and delivered one-half of all the cars I contracted for the 1917 season. I have orders on file for 25% of all the cars the company will ship me between now and August 1st. The man who waits till spring to place his order for a Ford will not get his car till mid-summer or next fall. Therefore, if you want a Ford car this year, place your order now and take the car as soon as I can deliver. Don't wait.

Mayslick Farm For Sale

We have for sale the farm of the late Hopkins Shanklin located three and half miles East of Mayslick on the Mayslick and Johnson Station pike. This farm contains 80 acres and a fraction, and has on it a 7-room house, tenant house, stable and the usual out-buildings found on a well improved farm. Practically all the farm is in grass, considerable of which is bluegrass. This is a tobacco farm in every sense of the word, as the land is in a high state of cultivation and there has been but little tobacco raised on this farm in many years. This is the kind of farm you can take hold of and make good with.

MANY BRING BOXES

A large number of ladies brought boxes at the Princess Rink last evening. All of the fair sex bringing boxes were admitted free. They were later auctioned off from the middle of the floor.

The results of the tobacco contest on Wednesday which we were not able to give on yesterday on account of the fact the judges had not made their decisions as yet are as follows: W. F. Biggers, Dover, trash, \$10. Louis Kuble, Mason county, bright leaf, \$10.

J. B. Dorn, Dover, lugs, \$10.

The tobacco became the property of the Rink management and was placed on sale at the Liberty house yesterday where it brought the fancy price of \$41 per hundred pounds. The judges were Messrs. M. M. Gary of the American Tobacco Co., J. Broshers of Liggett & Myers, and Mr. E. T. Kirk of R. J. Reynolds Tobacco Co. Tonight will be the big night at the Rink. A masquerade and trolley party will be held and all skaters urged to make. A prize of \$10 will be awarded to the best masquerade and a prize of \$5 will be awarded to the most graceful. This will doubtless attract a large number of persons.

ANNOUNCES FOR ASSESSOR

Mr. Henry H. Childs of this city, one of the most prominent citizens of the community, has announced his candidacy for County Assessor subject to the action of the Democratic party at the primary in August. Mr. Childs served as Assessor for the years 1909-1913 and was one of the most efficient assessors ever holding office in this county. He will doubtless find many supporters among the members of his party.

SAW HIS SHADOW

Col. I. M. A. Ground Hog, Esq., arose from his winter quarters this morning and after taking one peek at the landscape hastily fled himself back into his den. We suppose that will be good news for the coal merchants, but at the same time it is hard on the ice man.

WEEKLY RECITAL

The Maysville Music Club met last evening at the studio. An unusual number was in attendance. MARKET VERY STRONG

In This City Yesterday and a Very Large Amount of Tobacco Was Sold—No Sales at Any of the Houses Today.

The sales at the various houses yesterday were very heavy and a large amount of the weed was reported sold. The bidding was very spirited on the part of the buyers and much of the tobacco brought fancy prices. A total of 972,165 pounds was disposed of. The Growers, Liberty, Peoples, Home and Farmers and Planters reported sales. The prices paid for tobacco ranged from \$3 to \$75 per hundred pounds, the latter price being paid for a basket in the Farmers and Planters, Messrs. J. L. and F. Thomas of Dover being the growers.

Yesterday's sales were the best of the season on this market. The average for the day was the highest ever known on this market before, although it did not quite reach \$18 per hundred pounds. There were very few rejections at any of the houses. A report was circulated yesterday afternoon that the market had fallen off on account of the declaration of a blockade on England, but this proved false.

The best average of the season for any house was made at the Growers yesterday, when 123,815 pounds of tobacco sold at an average of \$20.09. This is a record breaker for this market and certainly is some average. The price paid at this house ranged from \$11.50 to \$60 per hundred pounds.

There will be no sales on the local market until Monday on account of the fact that the redrying plants are choked and cannot take care of the vast amount of tobacco as fast as it is being sold.

This is the second time this season the houses have been compelled to decline a day's auction in order to allow the deliveries to catch up. The first sales Monday will be held in the Central and Amazon houses.

The following are the reports of yesterday's sales:

VISITING HERE

The Augusta Chronicle says: Lloyd Winter and wife are visiting at Maysville, with the wife and daughter of the late T. J. Winter, and their cousin, Tom Winter, and will return by way of river, for sake of variety. If they can get a boat down. And the week following they will take a last, long look at the old homestead and Minerva—places of his nativity, soon after which they will visit his brother, Web Winter, at Millersburg, thence to their former home and relatives in Illinois, and later to Kansas City, somewhere from first to tenth of April. And Mr. Winter says if the home-going is as fruitful of good things as the outgoing and sojourning here, the combination will prove to be a rich bonanza and a long drawnout legacy of fond remembrances to the end of life. The old acquaintances renewed, and the new ones made, warm receptions—from both relatives, neighbors and churches—all will be assets from which we will draw many fond recollections when once again far away from the Old Kentucky shore.

PROMOTERS OF BALL LEAGUE TO HOLD MEETING

Covington, Ky., February 1—Amateur baseball managers in Covington and Newport announced Wednesday that plans are being perfected for the organization of a semi-professional league in Kentucky. Paris, Lexington, Cynthiana, Frankfort, Maysville, Winchester and Covington will compose the league. Promoters of the league will meet next week either in Lexington or Covington. Charles Applegate, for manager of the Wednesday team will take charge of the Paris team. W. H. Farwood will manage the Lexington team. The Cynthiana team will be in charge of Manager Taggart, while Maysville and Frankfort and Winchester will have experienced leaguers in charge. Pat Flehille will be at the head of the Covington Standards, which team will represent Covington in the new league. Games will be played on n. holidays and perhaps the schedule will provide one or two games a week. Parks formerly used by the old Blue Grass league will probably be used in the various cities.

SOME DROP

The markets took a great drop yesterday on account of Germany's unexpected announcement of her intention to renew submarine operations on a broader and more unrestricted scale. Wheat dropped from Wednesday's quotations \$1.82@1.85 to \$1.69@1.75. In New York City the biggest break ever known occurred in the cotton market. Maybe now we will have another leak scandal.

MUST SIGN NAME

We have a letter from a correspondent at Minerva that is unsigned. The writer of the letter must either send his name or we will be compelled to throw it into the wastebasket. We are very glad to get news of the various towns in the county but those sending the same must sign their names.

CASE APPEALED

Do Your Spring Shopping Early; Save on Your Purchases

Advance is all we hear, but we are advancing slowly, so that our customers will not find living to high all at once. We bought early and very heavy, so will divide with you. Many kinds of goods we are retailing less than the new cost prices.

Attractive bargains in Silks, Dress Goods, Woolens, Plaids, Novelties; also in Muslins and Embroideries for early spring sewing.

February Fashions are here.
